A Game which is set in the future but with imagery of the recent past. This game was a mega hit and many fans would come to my house to play and talk about the game. There was also a scene in the game where I was in the game store buying a game. This was after the game came out, but because it was still a game, it wasn't a big deal if it was released before I made it in the store. When other developers saw the artwork and quality
