Not all of Nintendo's new Wii games are sold on stores, according to reports. Wired.com has seen screenshots showing that the company's online-exclusive Red Steel 3 game, which launches in Japan next month, is available for download. Nintendo's official website gives users "access to the Wii Manual, Virtual Console, e-Reader, and more," and even allows game demos to be downloaded. Although the company is yet to confirm the reality of these reports, CEO Satoru Iwata has said

before that Nintendo believes the future lies in the online space, and games sold on the 'Live' platform - the name used for the Wii Shop Virtual Console - will be "the future of the company."The BCBA Awarded Ruby on Rails Official Recognition. I would like to add to an array so that there is no gaps. Example: Array = [1, 2, 3, 4, 5, 6] would become Array = [1, 2, 3, 4, 5, 6, 7, 8, 9, 10] I am currently using a nested loop to add the elements. for (i = 0; i
