Dogs have been known for their cleverness for many centuries. Even when they were relatively exotic species, the skills of the canine race were recognized and perfected. One thing is clear, dog training came far before many would have imagined. The necessity of training dogs to be obedient and to learn skills grew out of the strict needs of dog trainers. At the time, keeping dogs contained within a single household was the

standard, and owners were also responsible for doing some of the training themselves. The task was made easier with advanced tools, and different types of training became available. However, even with the presence of training books and a growing number of specialized trainers, the focus was still on obedience and helping the dog find his proper place in the hierarchy. The latter was needed in order to be able to perform certain 0cc13bf012
